

FALKE

FALKE SERBIA D.O.O. · TEKSTILNA 71 · 16000 LESKOVAC

„CREDO“ d.o.o.
Pariske Komune 4/6
Vranje
Serbia
Director: Goran Savić
Date: 27.11.2012

To whom it may concern,

Falke had project in their socks factory in Leskovac, Serbia.

This included refurbishment of exiting building and construction of new facilities.

The Company CREDO has carried out all electrical works, high voltage and low voltage. This included:

- 3 HV transformer stations with associated LV switch-rooms
- Installing complete LV system and equipment
- All electrical connection to new mechanical installation and Client equipment
- Fire detection system
- Automatics
- Grounding
- Lighting
- Lighting protection system

Credo has shown understanding for the Client needs and carried out the works with great workmanship and leadership.

The Company Credo has carried out these works to the full satisfaction of the Client and the personal effort of the management to complete the works has contributed to the successful completion of the project.

Therefore, We would have no hesitation in recommending „CREDO“ d.o.o. Vranje to perform any project in the services installation industry, as a very capable and professional contractor who is committed to meet customer's expectations.

Regards,

Tino Schuette
